Dear Neighbors and Supporters,

I'm getting some video training on how to be a good councilor; I'm learning a lot, including that communication is really important! But you know you can connect with me any time at cameronforgolden.org.

1. The city is seeking your input on racial equity. See my blog on this and you can connect to their survey by clicking on the graphic here:

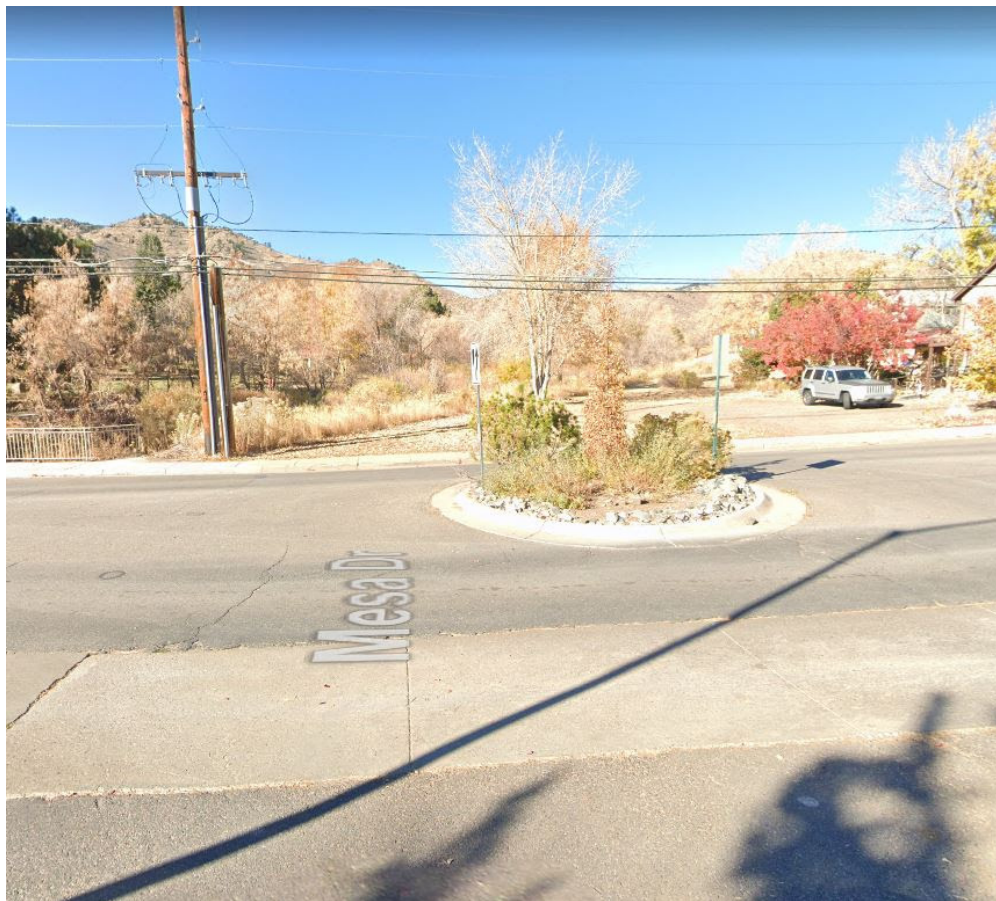

2. Golden has roads, which are well suited to cars, and streets, which seem to be a mixed bag, good for cars, but not as much for bikes and peds. But what

we really have is too many "**stroads**", a poor combination of both. What should we do? Click on this picture of Ford Street to learn more. Ford is a **stroad**.

Or, click on this link to see a video that describes [how drivers determine what speed to drive.](#)

Should Mesa Drive go through? What, it doesn't? The city owns right of way from Ford to HW93. I have my own survey in which I'd like your input on how and whether to proceed with opening Mesa Drive from Ford to HW93 along the Tucker Gulch drainage. See more by clicking this picture.

There are lots of other things going on, that are on my radar and I'm monitoring, including: Expansion of the clay mine north of town - affecting Pine Ridge Road, new lodging tax plans, how to deal with retail marijuana, trail head parking near Belvedere, Welch Ditch ownership issues, visitor impacts, if you think I need to know about an issue, [contact me.](#)

Always feel free to reach me at my website, [set up a meeting.](#) New this month, let's run or bike together if you'd like!

Peace,

Don
